Shri Deepak Kumar CMD BEML planting a sapling

Shri BR Vishwanatha, Director (Mining & Construction), Shri RH Murlidhara Director (Defence), Shri Vidya Bhushan Kumar, IFS, Chief Vigilance Officer, BEML, dignitaries, general public, employees were present on the occasion, planted the saplings. The park spread over an area of 40 acres. The park will have various facilities like jogging pathways, covered with gravel/ mooram soil which helps in acupressure treatment for the walkers, two water bodies to preserve fauna apart from harvesting rain water, preserving soil/ground water. Navagraha Park, medicinal plants will also be developed. More than 6000 varieties of tree sapling will be planted over the period. The park will benefit the people residing in and around BEML Nagar KGF. The park will also be provided with solar lighting, bio-toilet and will promote other eco-friendly activities thus becoming a educational/learning centre for school children and general public.
