

BEML ESTABLISHES SERVICE TRAINING CENTRE AT MYSURU

BEML Limited, a Public Sector company under the Ministry of Defence and manufacturer of Heavy earth moving equipments deployable in Mining & Construction sectors, has set up a Service Training Centre at its Mysore Complex proving commitment towards ***the vision of Hon'ble Prime Minister on "Skill India Campaign."***

Shri Deepak Kumar Hota, Chairman and Managing Director of the company inaugurated the Service Training Centre today. On this occasion, Shri Hota has said ***"we have to accord greater emphasis for systematic evaluation of training activities which will enhance the customer satisfaction."***

The newly inaugurated *Service training centre* has exclusive training facilities to educate the personnel on Mining & Construction Equipment like Dumpers, Motor Graders, Water Sprinklers and BEML Engines. The Service Training centre will cater to the training requirements of its service personnel as well as the customers. This initiative is in addition to honing skills through training of employees, trainees and apprentices.

The BEML Service training reiterates its devotion to reach out to its vast customers whose need for skill in servicing its equipments is fulfilled and through this initiative BEML Ltd., aims to transform the service personnel as experts.
