

BEML WEBSITE POLICY

WEBSITE SECURITY POLICY

BEML website contains information which is freely accessible, and may be viewed by any visitor. However, the website maintains a copyright interest in the contents of all of its websites.

Except for authorized security investigations and data collection, no attempts will be made to identify individual users. Accumulated data logs will be scheduled for regular deletion. The Website Privacy Policy details our position regarding the use of personal information provided by customers/visitors.

Unauthorized attempts to upload information or change information are strictly prohibited, and may be punishable under the Computer Fraud and Abuse Act of 1986 and the National Information Infrastructure Protection Act.

User ID and Password Policy:

- Access to sensitive or proprietary business information on BEML websites is limited to vendors who have been determined to have an appropriate business reason for having access to such data. All registered vendors who are granted security access will be identified by a user name provided by BEML SRM/SCM group.
- Vendors who are granted password access to restricted information are prohibited from sharing those passwords with or divulging those passwords to any third parties. User will notify us immediately in the event a User ID or password is lost or stolen or if User believes that a non-authorized individual has discovered the User ID or password.

If you have any questions or comments regarding BEML Website Security Policy, please contact the Web Information Manager by using the Feedback option in BEML website.
